### MYC JULY SENIOR SERIES

This week's Saturday Senior Series proved to be tight battles in three of the four races run. Dark clouds were ominous as the 420 and Beetle Cat classes started their first races. In the 420's the lead changed hands several times before Kevin O'Leary finally edged out Harvey Pentleton at the finish line. The first Beetle race also saw a change in leaders but Dave Jenney was in front of Jim Broadwater at the finish.

For the second races in each class the wind

### OPENING FOR FALLEN ANGELS!

Will Fred and Willy be killed on the golf links? Will Saunders forget the Bernaise? Will Julia ever speak to Jane again? Where is Maurice? Where is Jane's shoe? WHAT IS AN OPENING FOR FALLEN ANGELS?

An opening, in the theatre, is the first night of the run of a show, and FALLEN ANGELS, in the theatre, is known as one of Noel Coward's most brilliant comedies. Now that I've cleared that up let me tell you why you want to know the answer.

On this Friday, July 26, you can see the opening of FALLEN ANGELS at the Mattapoisett Congregational Church at 8:15 P.M. Why bother traveling to Boston or New York when your own town has something just as good to offer? Have a dinner party and bring your friends to a live theatre performance practically on your doorstep. Of course if you miss the opening you can see the show on July 27 or August 2, 3,

Sally Jones, left, and Posy Dyer, right, are being served by Kate Worden during rehearsal for *Fallen Angels* to be presented at the Mattapoisett Congregational Church to benefit the restoration fund.

but no matter which night you're in for a good time. For less than the cost of a movie you can see live and in person: Posy Dyer, Sally Jones, Vincent Worden,

# HONOR ROLL

The Town has installed an Honor Roll board in the Town Hall for the listing of both World Wars, Korean, and Vietnam Veterans who entered the service while residing in Mattapoisett. Prior to inscribing the names, it is necessary to insure that the list is accurate and complete. World War lists have already been verified, but Korean and Vietnam War lists have not. Therefore, the following lists of Korean and Vietnam Veterans are being published in order that any errors can be corrected before listing on the Honor Roll. The Selectmen's Office, 758-3758, should be notified of any errors or omissions prior to August 14, 1974. This will be the last time this list will be published.

#### A THANK YOU

The Helfands and Welches thank all the kind folks who so generously gave materials, time and money to make the yard sale on July 13th such an amazing success. The sum of \$659.55 has been added to the Mattapoisett Congregational Church Restoration Fund.

Trees play a very important part in our environment. They breathe in carbon dioxide and release oxygen in our atmosphere. Trees protect our watersheds and provide soil cover. They combat erosion, and safeguard our ground water resources.

So it makes sense to protect trees. By the year 2000, we will have to have a forest area that can yield a volume twice as great as that of today's in order to meet the needs of this country. This future forest area will have to be grown with less acreage for there will be approximately 10 million less acres of productive timberlands by the turn of the century than there is today.

How will this need be met and can it be done? The answer to these questions is "yes," with a well-managed reforestation program of "Super-Trees." Hudson Pulp & Paper Corp., maker of Hudson Napkins, Towels and Tissue products, maintains a superior tree orchard in Florida where the trees are nurtured and cared for and studied constantly for their outstanding characteristics. Cones are harvested annually, and the seeds from these select cones are sent to the Florida Division of Forestry Nursery to be raised into seedlings.

Grafting is also done to establish select tree stock for the orchard. Branches are removed from the crowns of select trees and healthy branch tips, called scions, are carefully removed and grafted onto pine seedling root stock. Measurements of superior tree offspring are taken periodically during the growing season to determine the growth rate of these superior trees. Tests show a 25 per cent growth increase on an average over the non-select trees.

## introducing the BEE-utiful BANK.

There are lots of nice things we could say about ourselves.

Like unexcelled. Or unequalled. Maybe unsurpassed. Or even unmatched.

And, happy to say, lots of folks who bank with us would agree. They've long since discovered what real convenience and real service are when it comes time to bank.

But, honestly now, we'd rather let them do our talking for us. Let them say the beautiful things.

Of course, we'd like you to find out for yourself what makes us BEE-utiful. And then you could say BEE-utiful things, too.

### SELECTMEN MEET ROGERS

Bernard Talty brought George Rogers to the Mattapoisett Selectmen's meeting to introduce the Massachusetts Senatorial candidate to the Board of Selectmen. Mr. Rogers, former mayor of New Bedford, is running for the senate seat of Senator George Mendonca. Due to redistricting, Mattapoisett has been removed from Senator Aylmer's district and placed in Senator Mendonca's, and he will be the incumbent in the next election. Mr. Rogers will face Senator Mendonca in the primary for the Democratic nomination. The district is predominantly Democratic.

## Letter to the Editor

The July 17th Presto Town Hall news reported the wire conference with Mr. Bates, Mr. and Mrs. John Souza of the Village Deli and Selectmen.

I registered a complaint with the Selectmen and requested the wire inspector's name because of the verbal abuse my wife and the delivery men received from him. My only complaint was that he should conduct himself in a more gentlemanly manner. My wife received a phone call from the Town Hall for us to be at a hearing. I stated my complaint and that Mr. Bates never put a red tag on the unit (that is his duty and to send me a letter stating the violation, information received from the New Bedford Gas & Edison Light Company) or spoke to me personally. The New England Refrigeration delivery men stated they have never received such verbal abuse from an inspector on delivering a freezer. The day of delivery an electrician

was contacted to have the freezer case wired properly. They completed their work as I stated they would before the end of the week. Mr. Bates stated the conference was a waste of time, he was only doing his job and it was only my wife's word against his. Personally I think it's a good reason not to issue whips to wire inspectors.

Mr. Waterhouse and Dr. Rosenfield spoke on her behalf. Mrs. Anne LaPlante, the librarian, also attended the interview.

Mr. Waterhouse and Dr. Rosenfield were motivated to seek the office of Library Trustee by a desire to improve library services. Both felt that they could contribute to the Board of Library Trustees. Mrs. Berg, executive secretary of the New England Library Association, felt her contact with libraries throughout New England qualified her for the office.

four times a year. However, during the past year the trustees have tried to do some major repairs on the library and have been holding official meetings more frequently. The trustees meet with Mrs. LaPlante and post notices at the Town Hall to inform the public of their meetings.

Dr. Rosenfield read a description of the duties of the trustees to us: "A trusteeship, by definition, is the agency of person or persons designated to act as governors or protectors over property belonging to another." The trustees are responsible for the building, the library collection, and the day-to-day operation of the library. Dr. Rosenfield stated, "We also have financial responsibilities to spend as wisely as we can the money that we get from the state and from the community." Basically, the trustees set the library policy, assist the librarian, and try to make the library representative of the needs of the community.

Currently, the trustees are trying to complete major repairs on the building. A central beam must be reinforced and a new fire alarm system is needed. The trustees would also like to renovate the lower level in order to start a children's room. They are also trying to upgrade the library to

American Library Standards. Mrs. LaPlante is concerned with making the library more appealing to all age groups.

Questioned about state aid, both trustees emphasized the importance of state assistance in both a financial and an advisory capacity. The state provides expert information and advisory services. Without these services, the library trustees would be forced to expend more money on fees to library experts. The trustees look forward to a continuance of the cooperative arrangement with the state which they have already established.

#### EDITORIAL QUESTIONS - D.C.J.

The Living History Group is to be commended on their interview with the Library Trustees as it seems to reveal the core of the Library problem. I am curious to know the following: 1) Who suggested that the Mattapoisett Library which has always been run to Mattapoisett standards be made to conform to American Library Standards? 2) Why did the Library Trustees feel that a library that was running so well and so economically needed change to conform to different standards? 3) Why wasn't the public asked for their opinion as to conforming to American Library standards? 4) Precisely what are these standards? 5) When can the public expect to be informed as to the total extent of the changes? 6) What is

## Rochester Bar-B-Que

### ROCHESTER CHURCH FIGHTS INFLATION

In spite of rising costs, the Rev. Edward F. White, Pastor, announces that the First Congregational Church, Rochester Center, is holding the line of last year's Annual Chicken Bar-B-Que prices. The adult ticket is again the same as last year. The same adult serving, one half a generous-sized chicken, tender, plump, seasoned just right, will be featured.

Children's portions for those under twelve have been reduced.

Tasty home-made potato salad, fresh-picked native sweet corn, cranberry sauce, rolls with fresh creamery butter, beverage and selected watermelon make up the complete meal. This will be served from noon to 2:30 on Sunday, August 4th.

Among those cooking the chicken over the open charcoal pit will be: George Church, Ernest Davoll, Allen Johnson and William Watling.

Tickets may be ordered from committee members or by phoning the Parsonage at 763-8839.

## O. R. R. Boosters

Here we go! New ideas, new planning, new faces. Our objective is basic. How can we as parents and friends support the O.R.R.H.S. Sport program as friends and benefactors, above and beyond the normal school services. Past services have shown that we, the Boosters Club, have presented not only scholarship funds, but additions to our facilities, namely Score Board, paved outside jumping pit areas on track field,

banquets, trophies and awards.

How can you help. Very simply. Please join us at the Old Rochester Regional Junior High School on Thursday, July 25, 1974.

## Junior Grange

Mattapoissett Junior Grange held its meeting Friday, July 19th, with the worthy master Christine Hubbard presiding.

Honored guest Deputy Priscilla Veilleux of the Massachusetts State Grange was present to inspect the Junior Grange. In her remarks, she brought greetings from the State Director Florence Blish. Deputy Veilleux expressed much praise and mentioned how nice it was to see the secretary and treasurer take care of their books themselves. All officers were highly commended.

A letter of thanks was read from Rev. William McClenahan, pastor of St. Anthony's Church, for the money donation the Juniors sent for the building fund.

Plans will be made for the Juniors to have an outing by the following committee appointed by the master: Rhonda Magill, Richard Barrows, Lillian Poitras and Master Hubbard in conjunction with their parents.

### 50-YEAR JEWELS PRESENTED

Mrs. Lemuel LeBaron, master of Mattapoisett Grange, John Figueiredo, past master; and Mrs. Walter Vaughan, past chairman of the executive committee, had the honor of presenting three 50-year jewels from the Massachusetts State Grange and three 50-year certificates from the National Grange, last Tuesday, July 16th, to Mrs. Ada Furtado and Mr. and Mrs. Edwin Walsh.

They presented Mrs. Ada Furtado's to her at Our Lady's Haven Nursing Home in Fairhaven. Her daughter, Dorothy Silveira, received it and pinned it on her mother.

Then the group returned back to Mattapoisett to the home of Mr. and Mrs. Edwin Walsh. Mrs. LeBaron passed the jewel to their daughter, Ruth Vermilya, who pinned it on her mother. While the national certificate was presented by Mrs. LeBaron, Mr. Figueiredo presented the certificate and the jewel pinned on Mr. Walsh by his granddaughter Ruth.

All three recipients received a personal letter of congratulations from the State Master Rexford Smith. They were read by Mrs. Vaughan.

### PRE-SCHOOL SCREENING

Parents of children between the ages of 3 and 5 years old who feel that their child may have special needs that might affect their future learning capacities should contact the Mattapoisett, Marion or Rochester School Departments about the possibilities of evaluations during the course of this summer. Parents may call Dr. William J. Quinlan, Director of Special Needs, at 997-2971. The purpose of pre-school screening is to develop programs that might be helpful to children prior to school entrance and may enable them to overcome some of the difficulties that they currently have. The pre-school evaluations are mandated under Chapter 766, a new state law which becomes effective in September 1974.

### Y. W. C. A. Events

The New Bedford YWCA's Summer Pool Program closed its session on July 19.

Chances are, you never heard of the WHIRLIGIG and the WHIMMY DIDDLE. They are, however, excellent examples of our clever Colonial forebears' spinning ways with toys. The WHIRLIGIG was a

toy which spun around when manipulated in a "surprising" way. The WHIMMY DIDDLE, looking little more than a notch stick with a propeller on top, could be set a-spinning by someone who rubbed it with a special "wand." One good turn deserves another. Give it a whirl. Wool was scarce in Colonial times. So settlers made and repaired bedspreads and covers with cloth patchwork. With lots of time and a dash of flair modern women can make the same kind of decorative quilts that represent today's triumph of mind over mattress. Happily, the secrets to making these fascinating toys, crafts, and other objects have not been lost. They are explained in simple, step-by-step fashion in a new book called HOW TO MAKE WHIRLIGIGS AND WHIMMY DIDDLES AND OTHER AMERICAN FOLK CRAFT OBJECTS. If you can't find the book at your local bookstore, write to the publisher, Thomas Y. Crowell Company, Dept CB, 666 Fifth Ave., New York, N.Y. 10019.

## introducing the BEE-utiful BANK.

There are lots of nice things we could  
say about ourselves.

Like unexcelled. Or unequalled. Maybe  
unsurpassed. Or even unmatched.

And, happy to say, lots of folks who  
bank with us would agree. They've long  
since discovered what real convenience  
and real service are when it comes time  
to bank.

But, honestly now, we'd rather let them  
do our talking for us. Let them say the  
beautiful things.

Of course, we'd like you to find out for  
yourself what makes us BEE-utiful. And  
then you could say BEE-utiful things, too.
